From:

William T Fujioka

Chief Executive Officer

FISCAL YEAR 2008-09 CITIZENS' OPTION FOR PUBLIC SAFETY/SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND

Assembly Bill 1913 (Schiff-Cardenas Crime Prevention Act) was signed into law in 2000. This bill provides funding for various local law enforcement programs such as the Citizens' Option for Public Safety (COPS) program, by providing supplemental funding to cities and counties for frontline law enforcement officers, and for juvenile justice initiatives. The Chief Executive Office (CEO) is responsible for administering the COPS/Supplemental Law Enforcement Services Fund (SLESF)/Juvenile Justice Crime Prevention Act (JJCPA) grant program.

Pursuant to current law (Government Code Sections 30061 and 30063), the State Controller is required to allocate COPS funds to each county that has established a SLESF. The County's Auditor-Controller is required to distribute the funds as follows:

- 5.15 percent to the County Sheriff for County jail construction and operation.
- 5.15 percent to the District Attorney for criminal prosecution.
- 39.7 percent to the County and cities within the County based upon population, including the unincorporated areas.
- 50 percent to the County or city and County to implement a comprehensive multiagency juvenile justice plan.

The funds awarded are based on population, but with each entity receiving a minimum grant of \$100,000 as stated in Section 30061 (3), "the County Auditor-Controller

Board of Supervisors September 15, 2009 Page 2

shall allocate a grant of at least one hundred thousand dollars (\$100,000) to each local law enforcement jurisdiction."

On November 5, 2008, the California State Department of Finance (DOF) advised all counties of their Fiscal Year (FY) 2008-09 COPS/SLESF allocation (Attachment I). Los Angeles County was awarded \$19,666,286 for front-line law enforcement. In addition, DOF informed counties that beginning in FY 2008-09 and "pursuant to legislation enacted concurrent with the 2008 Budget Act...COPS/JJCPA payments would be distributed in four (4) equal installments in September, December, March, and June." In the past, the County received a lump sum allocation from the State for this program.

In December 2008 and January 2009, pursuant to the initial allocation schedule received from the State, the County's Auditor-Controller issued two (2) payments. Funds were distributed to all 88 cities within the County, including the County's unincorporated area.

In February 2009, DOF informed counties that the FY 2008-09 State budget had been revised and included a reduction in funding for the COPS/SLESF program (Attachment II). In addition, funding for the program would now be offset by Vehicle License Fee (VLF) revenue. Los Angeles County's revised allocation for front-line law enforcement was \$14,670,345. Accordingly, the County's Auditor-Controller revised the distribution schedule to reflect the reduced grant amount as well as to ensure each city received the \$100,000 minimum as required by statute.

Based on an allocation of \$14,670,345, Los Angeles County was to receive \$2,925,700 as our fourth quarter payment. However, a payment of only \$86,000 was received. Initially, DOF informed (verbally) CEO staff that an accrual payment was forthcoming.

Finally, after many discussions, DOF informed counties that due to lower than expected VLF revenues, the State was unable to fully fund the COPS/SLESF program. On September 3, 2009, we were further informed that an accrual payment would not be established for this program. Thus, the final allocation for the COPS/SLESF program for FY 2008-09 (based on the amount received to date, which is thru July 2009) is \$11,830,645.

Due to the mid-year reduction in the grant allocation, a change from lump sum to quarterly payments, and lower than expected VLF revenues, which caused the State to short the final payment to the County, 65 cities did not receive the \$100,000 minimum as required by statute. At the time the State advised the County of their reduced grant allocation, the County's Auditor-Controller had already distributed \$9.83 million to the cities based on statute guidelines.

Board of Supervisors September 15, 2009 Page 3

The CEO is in the process of seeking advice from County Counsel regarding what action the County can take to seek reimbursement of funds from the 11 cities that were overpaid based on the final SLESF allocation. The overpayment of funds will need to be redistributed to the 65 cities that have not received the \$100,000 minimum.

Should you have any questions or require additional information, please contact Deputy Chief Executive Officer Brence Culp, Public Safety, at (213) 893-2374.

ARNOLD SCHWARZENEGGER, GOVERNOR

TATE CAPITOL E ROOM 1145 E SAGRAMENTO DA E 95814-4998 E WWW.DDF.DA.BDV

November 5, 2008

Mr. J. Tyler McCauley
Auditor-Controller
County of Los Angeles
Kenneth Hahn Hall of Administration
500 West Temple Street, Room 525
Los Angeles, CA 90012

Dear Mr. McCauley:

The 2008 Budget Act provides \$214.2 million in General Fund moneys in 2008-09 to eligible local jurisdictions, as defined, for public safety purposes. Of this amount, \$107.1 million is allocated to the Citizens' Option for Public Safety (COPS) program and \$107.1 million is allocated to counties for specified juvenile justice programs pursuant to the Juvenile Justice Crime Prevention Act (JJCPA). Chapter 158, Statutes of 2003, authorizes up to \$275,000 from the juvenile justice allocation to be available to the Corrections Standards Authority for administrative purposes.

Pursuant to current law, the State Controller is required to allocate the COPS and JJCPA funds to each county that has established a Supplemental Law Enforcement Services Fund (SLESF) in accordance with Section 30061 of the Government Code, and in accordance with the proportionate share of the state's total population that resides in each county and city and county. The Controller is required to make all disbursements upon request of an individual county and city and county that has established a SLESF, and has established an oversight committee pursuant to Section 30064 of the Government Code.

Current law requires the county auditor to allocate moneys to the county's SLESF, including any interest or other return earned on the investment of those moneys, within 30 days of the deposit of those moneys in accordance with the following requirements:

- 5.15 percent to the county sheriff for county jail construction and operation.
- 5.15 percent to the district attorney for criminal prosecution.
- 3. 39.7 percent to the county and the cities within the county in accordance with the relative population for the cities within the county and the unincorporated area of the county. Accordingly, a population estimate for your county is enclosed and a listing of allocations for each eligible entity. The population estimate is based on the January 1, 2008 estimate by the Population Research Unit of the Department of Finance, as required by Section 30061 of the Government Code.
- 4. 50 percent to the county or city and county to implement a comprehensive multi-agency juvenile justice plan, as specified. These funds are intended to cover the cost of approved plan activities from October 1, 2008 through September 30, 2009.

Accordingly, we have attached the necessary information showing how these moneys are to be allocated. The funds should be allocated as indicated on the attachment. The methodology used to allocate the moneys was to take the \$214.2 million provided in the Budget Act and allocate the moneys into the four categories above, based on the percentages in statute. Then within each category we allocated the moneys based on population, as required by statute.

For the 39.7 percent front-line law enforcement category, one additional step was necessary. Because statute requires a minimum grant of \$100,000, we adjusted the statewide figures to bring all entities up to \$100,000. Therefore, entities that would have received less than \$100,000 based on the population distribution formula were provided additional amounts while entities that received more than \$100,000 were adjusted proportionately downward, so the total amount allocated is \$85.037 million. This adjustment was made on a statewide basis to ensure that each law enforcement jurisdiction, including the allocation for county unincorporated areas, would receive the minimum amount required by statute. The amounts distributed to each city within the county and to the county for the unincorporated population were summed to determine the total front-line law enforcement amounts provided to each county for allocation to the cities within the county.

Please note that legislation enacted concurrent with the 2008 Budget Act now requires that COPS/JJCPA payments be distributed in four equal installments in September, December, March, and June. Consequently, you will not receive a lump-sum payment as in previous years.

After allocation of funds to each county's SLESF for the juvenile justice program, the SLESF shall only allocate funding for the juvenile justice program after the juvenile justice plan has: (1) been approved by the county board of supervisors, and in the case of a city and county, the plan has been approved by the mayor, and (2) the plan has been submitted to the Corrections Standards Authority and notification from the Authority has been received indicating the approval of the plan.

For questions regarding the COPS program and the allocation of funds for the JJCPA program, please contact Chris Hill, Principal Program Budget Analyst, at (916) 322-2263. For questions regarding the juvenile justice program approval and requirements, please contact Aaron Long at the Corrections Standards Authority at (916) 322-1427.

Sincerely,

ANA MATOSANTOS Chief Deputy Director
